QI is not sure about being able to host our lunches going forward. So, we may have to change our meeting dates & times and location. Julie will send out a survey to club members and the board formed a committee Ted, Fred & Wendy to work on this.

Change over dinner has been postponed. Changeover will still happen for July 1st, but we will not be able to have the dinner. We still want to honor the Paul Harris Recipients as well as the board. Any ideas on what we can do for the dinner? Susie N-has a large back yard and would be happy to have people at her home. Julie-will check on availability of the Elks pavilion.

Budget Review-if we hit our budget marks, we will run a loss of about \$2900, but we have \$30,000 in reserves for foundation, and the club will run a loss of about \$300 with \$20,000 in reserves.

We tried to focus on giving donations to organizations that will truly benefit from the money and did eliminate some smaller donations.

Keep in mind it is a fluid year and the budget is a guideline. The board recognizes that throughout the year we may find reasons to increase, add in, reduce or eliminate certain donations. If you have any questions, you can reach out to Linda for Foundation and Rich for Club.

Julie mentioned that this is going to be difficult times for businesses, as they are making difficult decisions to keep businesses going. Many may not be able to do their regular donations to community partners, as they are working on reduced budgets. We should consider creating a long-term plan for what we can do going forward. It will take businesses several years to recover from this.
